Re: Reference for Golden Rule Signs

To Whom It May Concern:

I am writing to give a recommendation for Golden Rule Signs. I am the Assistant Superintendent for Operations for Mission CISD and have had the responsibility for all capital construction, administration and planning. We've had the opportunity to work with Golden Rule Signs and staff have worked on several of our marquee projects.

Each member of the team is dedicated to the culture of unparalleled customer service and they always are readily accessible and make you feel as though you are their only client and are always willing to go the extra mile. The Golden Rule Signs team members possess excellent communication skills and present to a wide group of stakeholders ranging from the Board of Trustees and to the community in an outstanding articulate manner. Throughout the process the entire staff were most knowledgeable, professional and respectful. Their responsibility to the projects and consideration for detail is most admirable. Golden Rule Signs and staff work cooperatively with our school administration and with my department to ensure all work is completed in the best interest of the district. Their quality of work is most impressive in all areas of the projects and is to be highly commended.

I recommend Golden Rule Signs for any design work which you may have. Should you wish to discuss further, please do not hesitate in contacting me at 956-323-8963.

Respectfully,
