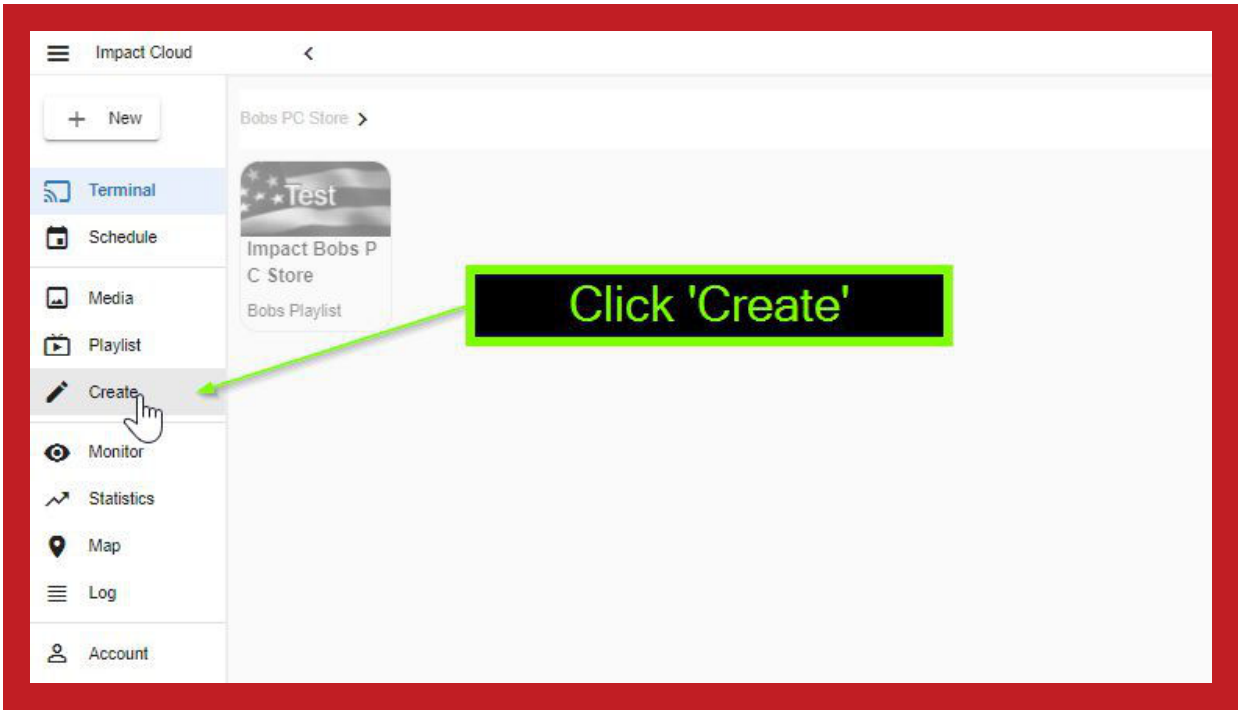
IMPACT LED SIGNS

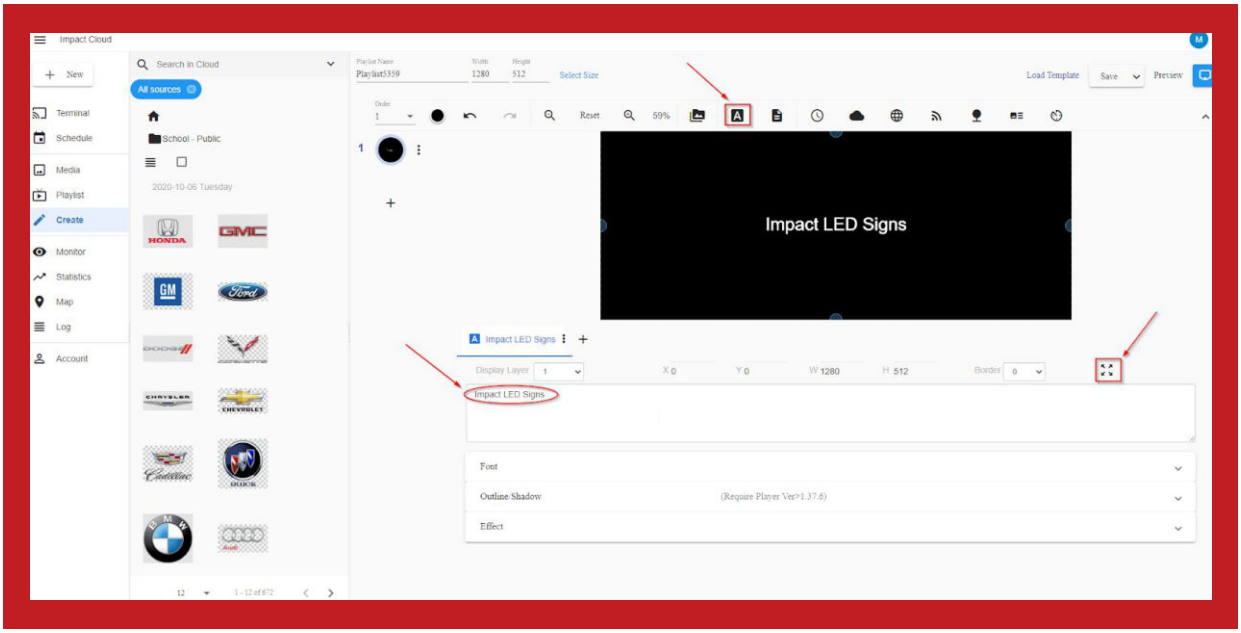
PLAYLIST CREATION | QUICK GUIDE

Welcome to Impact Cloud + - the industry's leading EMC content creation and management platform. To access the cloud site go to: https://access.impactledsigns.com . Enter your Username and Password.

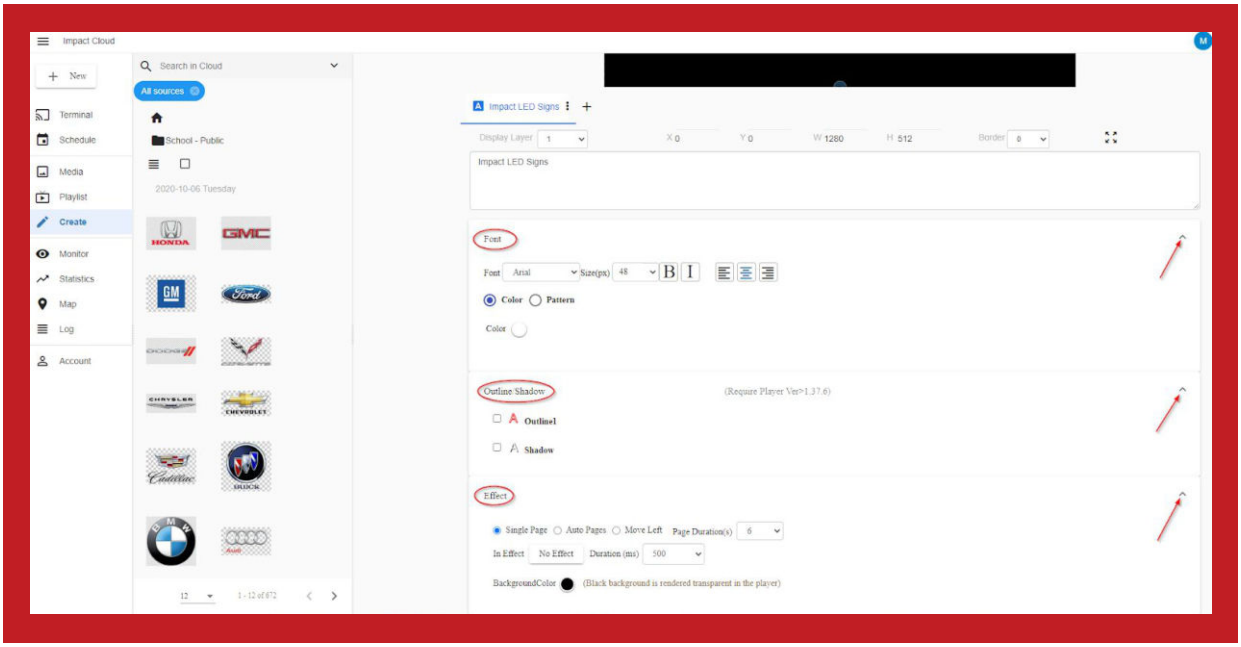
- After logging in, you will land on the Terminal page of the website.
- The Terminal page will show all terminals or signs associated with your account.
- To begin creating content for your sign, click the "Create" icon.



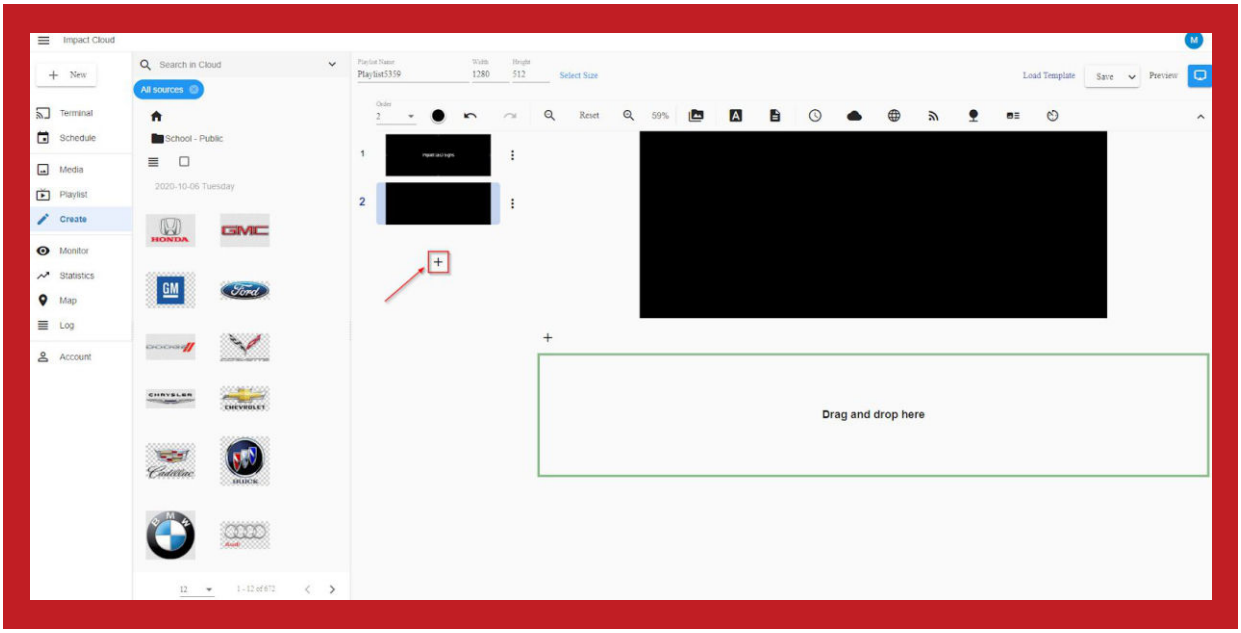
- To create a single-line text slide, click the “A” icon, type your message in the text box, and click the icon with “four arrows” to center the text.



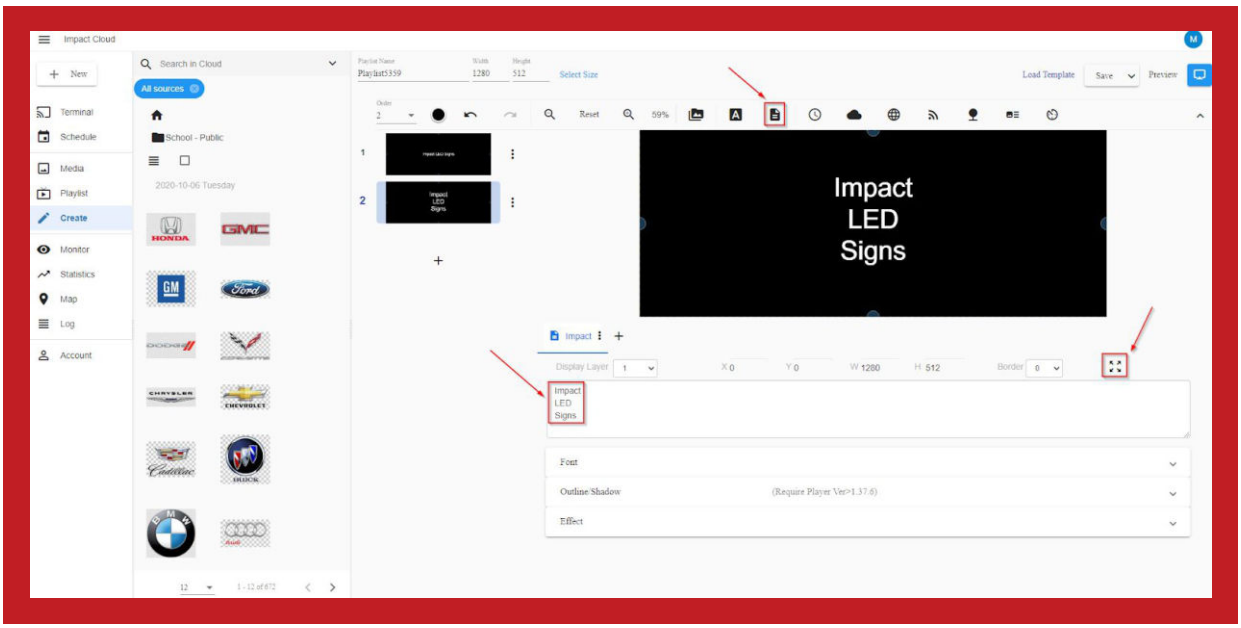
- To adjust font style, size, color, and other effects click on the “drop down arrows” underneath the text box.



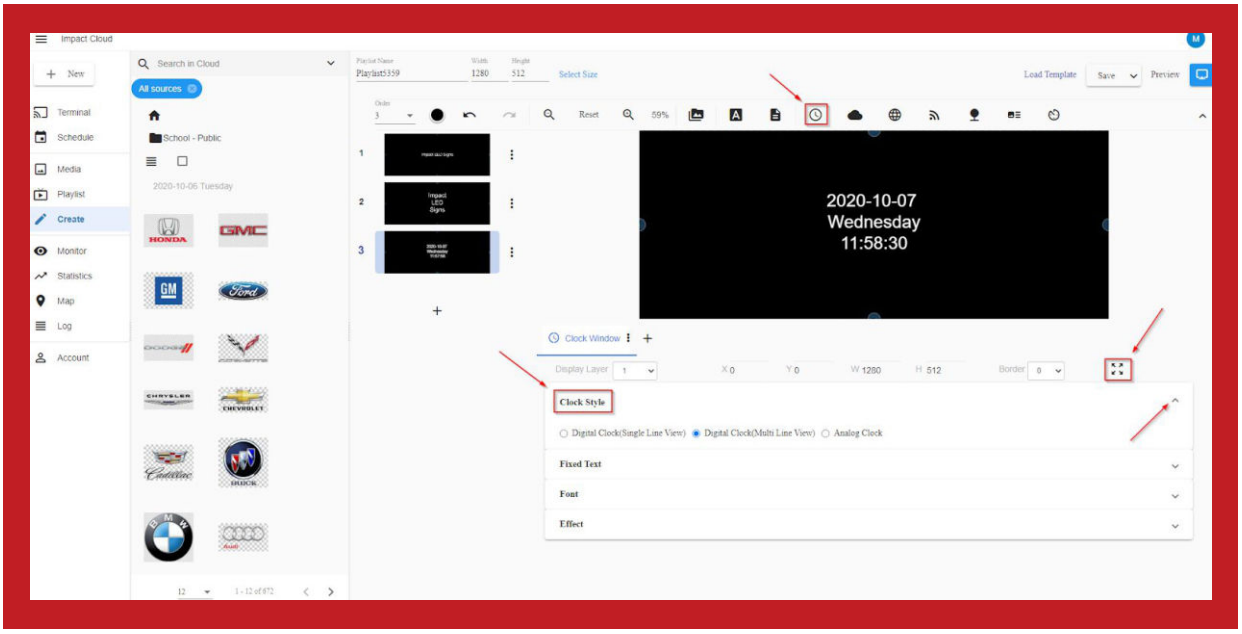
- To add an additional slide click the “+” icon under the previous created slide.



- To create a multi-line text slide, click the icon shaped like a ”page with lines”, type your message in the text box hitting the enter key to drop down to the next line, and click the icon with “four arrows” to center the text.



- To create a clock slide, click on the “clock” icon, select the “clock style” drop down menu to select a clock style, and click the icon with “four arrows” to center.



- To create an image or video slide, drag and drop into the media box, or click on the “files” icon shaped like a file folder, and then select “Add Material” under the media box. Choose the tab where the media is located and upload. GIF & MP4 video formats are accepted.

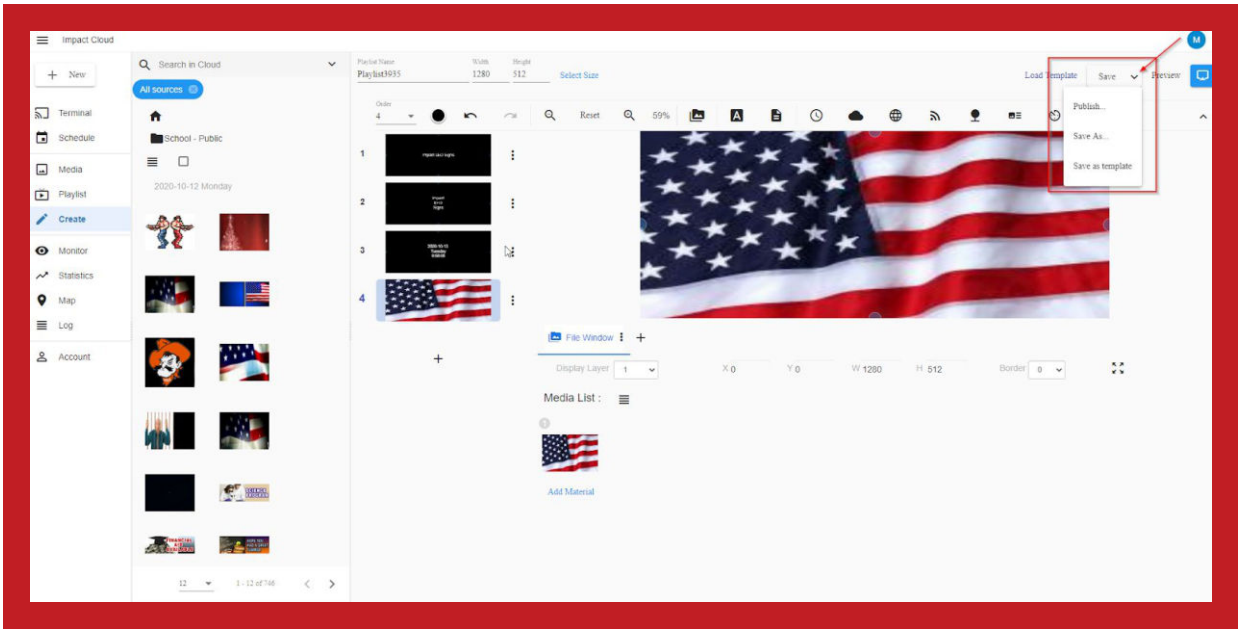
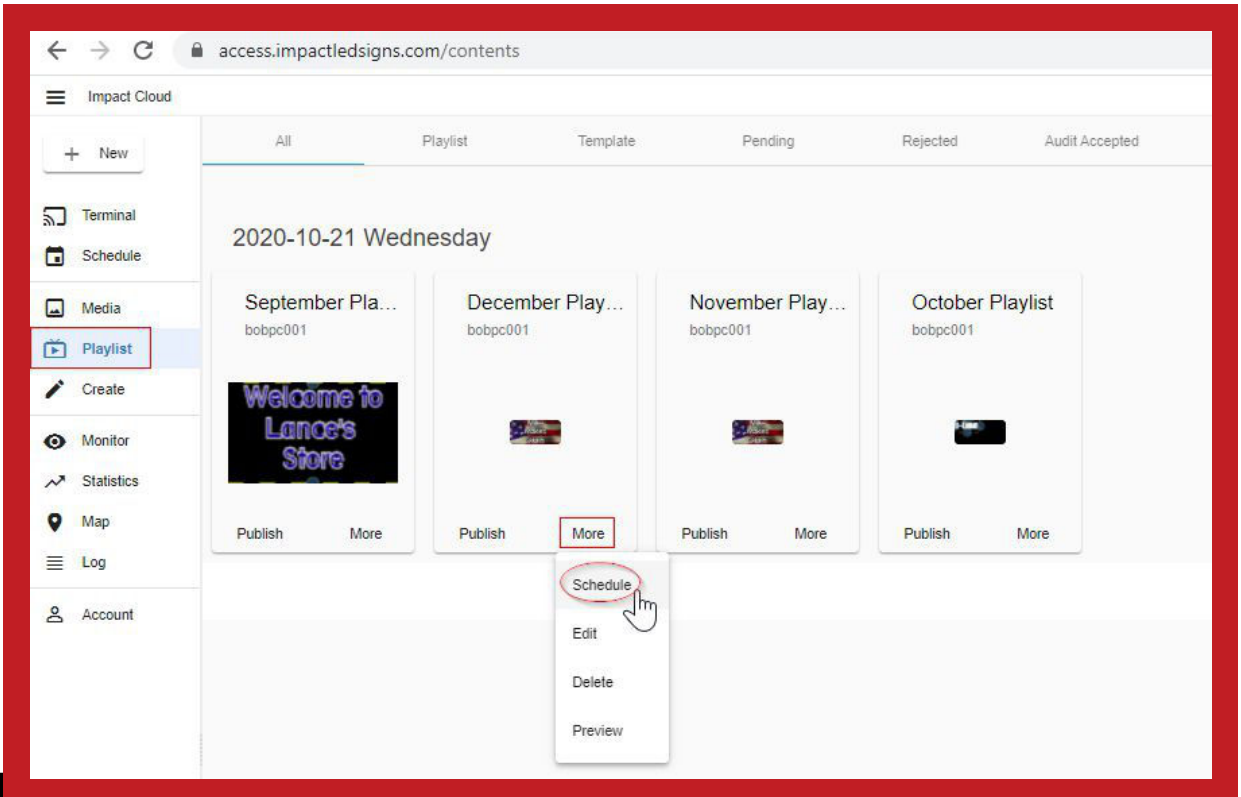
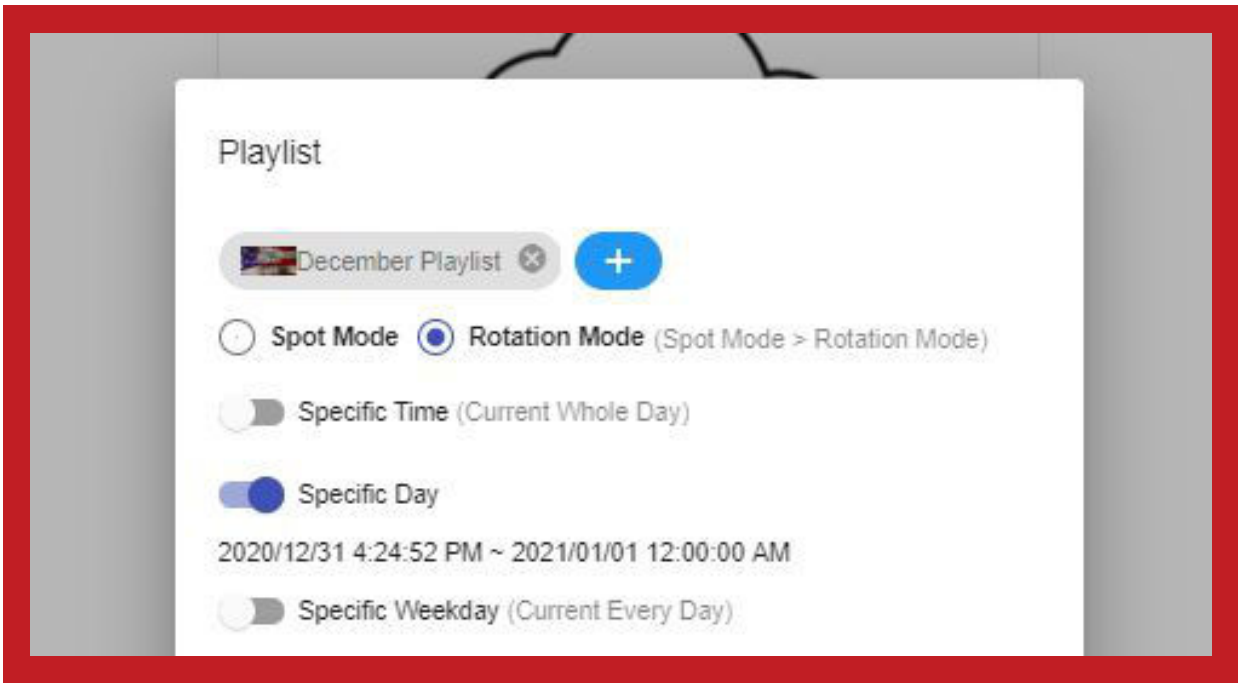
- To save and or publish the playlist to your sign a playlist, click the “Save” drop down menu.



- To Schedule a Playlist, navigate to the Playlist page, click ‘More’ on the playlist of your choice and select ‘**Schedule**’.



- Once the pop-up window appears, toggle the parameters to meet your desired playlist performance.



Notes:

Spot mode denotes that the chosen playlist will be the only one playing at that time. Rotation mode denotes that the chosen playlist will play in circulation with other playlists scheduled during that time frame.
